RE: Letter of Recommendation

To whom it may concern:

Quality Test and Balance LLC was contracted to perform test and balancing services for a luxury retail project located at Tyson's Galleria in McLean, VA. The scope of work consisted of standard HVAC supply and return air balancing as well as smoke control system balancing and verification to ensure smoke evacuation compliance per local fire marshal requirements. Quality Test and Balance performed this work in a timely manner to the satisfaction of the design team and retail client.

Please contact me if you have any questions.

Sincerely,

Henderson Engineers, Inc.

Dear Mr Gargano,

I would to commend Quality Test and Balance for the work performed on the Potomac Institute of Policies and Studies renovation project located in Arlington, Virginia.

You personnel took the time to review the construction documents and brought to my attention areas with discrepancies prior to start of work. We were able to address the items to produce and better final product.

I look forward to working with Quality Test and Balance in the future.

Very truly yours,

Stephen Stanowski
